10. Youth Committee – nothing new.
11. Old Business

- a. Radar Run cancel; lost revenue – This was a big disappointment, however the board is looking to run some type of a raffle (either money or products such as guns, etc.) to recoup this revenue.

 A big thank you to Dan Guck who presided as president for the past 10 years. We appreciate your commitment to us and the sport of snowmobiling.
- d. Polaris Demo Days @ Anchor Bay Saturday 2/15/20 – This was another huge success. Brought local interest as well as individuals from out of state. Also noted that there were seasoned snowmobile enthusiasts who participated as well as some who have never rode, or getting back into the sport. A great promotion for the sport of snowmobiling. Thanks David Moon, Anchor Bay, and Country Sports.
- e. Cranberry Fest Bingo Event – We were asked if we would be interested in holding another summer fundraiser opportunity. We decided to pass on this opportunity, as we have enough difficulty filling the positions needed at Kellner Cornfest. It tends to be the same people helping each year and it was thought, that it would be just another commitment for that same group of volunteers.

## 12. New Business

- a. Grand Rapids Questionnaire was mailed with tax bill, hope those in GR filled it out and returned it.
- b. Coloma would be interested in the New Holland if we are willing to sell. Will be a discussion at the next board meeting.
