10. Old Business
 - a. Radar Run signage/posters (also for kiosks)- Posters are completed and we are beginning to spread the word. Radar Run will be on February 13, 2021. The committee will be meeting on December 17th to move forward with this event.
 - b. Snowmobile Safety Class – Our December course was full (30 students) and went very well. We had many attend from out of our county and from all over the state. Many communities are cancelling their safety courses, and that is causing people to find courses in other communities. We are holding another course on January 9th. All members received an email about this, prior to posting it on Facebook. Thank you to our Kellner Knights instructors who put a lot of time into these courses.
 - c. Christmas Parade – It was different, but was still well attended. Thanks to those who helped decorate and helped on parade night.
 - d. Clothing Order – Orders will be in very soon and ready for pick up. Thanks for ordering. The club does not make any money on this, it's just so our members can purchase Kellner Knights clothing if they would like to. Thanks Jordan Becker/Julie Becker for helping with this clothing order.
11. New Business
 - a. Board Meeting recap – The board met virtually to discuss the following
 - i. Future Club Meetings – we will continue to hold monthly club meetings as we felt our winter meeting locations allowed for enough room for social distancing, etc. We did cancel our Christmas party at the December meeting.
 - ii. Fundraising Ideas – Talked about a trailside type event possibly, no decisions made yet on that. If you have ideas for new creative events this winter please contact David or another board member! No idea is a bad idea!
 - b. Radar Run 2021 – February 13, 2021 on river in front of Anchor Bay – watch Newsletters/Facebook/email for updates.
 - c. VIP Event 2021 – We hope to hold this again this year, no date determined yet. Watch newsletters/Facebook/email for updates.
 - d. Club Liability Insurance Change 21-22 Season – Our club liability insurance will be changing after this season, we are paid and covered for this season. We will have more information as to what will happen after the 1st of January.
 - e. Discussions are still going on regarding adding additional trail miles that would extend on the Portage side and on the east side of Kellner. This addition would help alleviate traffic thru the corridor in Kellner. Thanks to Ned Kubisiak, Josh Lassa, and David Moon for their continued work on this possible project.
12. Adjourn: 8:02 pm
