## President's Message

I hope everyone had a chance to get out and enjoy our trails this last month!! I never expected to go from -20 temperatures to over 40 within a week and a half! We had our trails open for 18 days so far this winter!

I would like to take a minute to thank our grooming team who spent countless hours in the seats of the groomers to keep our trails great for those 18 days! I would also like to thank our trail coordinator group for working to keep their sections in good shape so we could open the trails!!

We had to push our annual Radar Run back two weeks because of cold conditions and thankfully we were able to pull it off this past weekend. It was a great turnout and great weather for it! We had over 70 racers taking over 200 runs! Our top speed of the day was 132.8mph in 660"! We will have the final number on how we made out with the event at the March meeting. Thank you to our Radar Run committee who spent countless hours getting ready for the event and most of all, our volunteers who came out and made the event possible! We had some new faces helping at this event which was great to see!

We will be having our nominations for the board at the upcoming March meeting. We have two open positions we need to fill, president and secretary. Our outgoing members to those positions are happy to help you adjust to the role; please consider stepping up to a leadership position in the club! It is a great way to learn more about the sport! We need a great turnout at the March meeting to be able to vote in and seat the new and existing positions!

Hope to see everyone at the March meeting on March 11 at Kellner International Bar and Grill at 7 pm!

David Moon – President

David's President's Message makes reference to making a difference in the sport of snowmobiling by considering a position on the board. These are year-long terms, and currently, most of our board members have all been on the board for several years. We need individuals to consider this opportunity so that the club can continue to operate in the future. If you have an interest but don't really know what's involved in that commitment, please reach out to one of the current board members. They would be happy to answer your questions. We know there are so many talented people out there that have the skills to fill these positions. So, how could you leave your mark? Please consider one of our board positions.
